

THE WILSON PRACTICE

Patient update 19 June 2020

...to all our patients who are adapting, as we are in the practice, to new processes to help ensure we can do our job for people with both acute and on-going health concerns, and keep everyone safe.

eConsult FAQs

How do I submit **blood pressure readings or complete a **review for my long term condition** as requested by a doctor or nurse?**

- find the eConsult banner on the Home page of our website and click GET STARTED
- go to *'I want help with my condition'*
- the Review Templates (including hypertension – for your blood pressure results) are at the bottom on the right-hand side of the list.

We have produced a step-by-step guide to help. Click the link below or check it out under Online Services on our website.

I've been asked to 'eConsult' about my **ongoing condition. How do I do that without having to answer all the questions my GP already knows about?**

- find the eConsult banner on the Home page of our website and click GET STARTED
- choose *'I want general advice'*
- Then, after the screening questions, you reach a box where you can type your query.
